This is a Bible Quizzing Game on CD-ROM designed for AWANA. The creators each have decades of Awana experience. Both have received their Citation Awards and have competed 4 years each in Awana Clubs National Bible Quizzing Competition.

The game has many features. It can be 1-player or 2-player. Multiple choice answers can be given for each question if so desired. To simulate the speed round in quizzing, the question will either appear word by word on the screen or the computer will read the question to the player(s). Once a player buzzes in, the computer will stop reading. The first person to punch in on the keyboard gets to answer the question. Once a player buzzes in, he has up to 60 seconds to type the correct answer or time will expire and a wrong answer will be recorded. Points are awarded for correct answers and are deducted for incorrect answers. **Quizzing questions for all T&T and Journey 24-7 books** will be included on the same CD.

For Journey 24-7 there will be at least 200 questions covering Faith's Foundations and the main study. For the T&T there will be at least 100 questions covering the first 4 Discoveries/Challenges. You can print these questions out and use them for your whole quizzing team as well!!

Additional features include: second player buzzing in for half the points and the added ability of the computer to play against you in order to more accurately simulate Bible Quizzing with other teams. A feature known as "You Be The Judge" can be enabled as well which allows for better judging of correct answers.

An instruction sheet will accompany the game. Future versions and other useful information can be found on our web site @ www.QuizzingGame.com.

If you would like more information you can contact the creators at: Brian@QuizzingGame.com or look for us on Ebay.
